

## Isis

**Isis is one of the most important goddesses in Egyptian mythology. She is considered the divine mother-goddess, and mother of the god Horus, the divine prototype of pharaohs.**

**Headwear:** Isis, an Egyptian goddess, wears a solar disk with horns. The solar disk is the symbol of the pharaoh's power.

**Body:** The knot on the Egyptian goddess Isis's girdle has become a symbol used in amulets or charms. Egyptians believed the Isis knot could guard you eternally from all evil. She restored life to her husband Osiris by flapping her wings and filling his mouth and nose with air. She is one of the few deities with wings in ancient Egyptian mythology.

**Legs:** These are the legs of the Egyptian goddess, Isis.

**FACT:** Isis was regarded as the protectress of the pharaohs.
